Commissioner of Patents and Trademarks

Applicant's election is incomplete & therefore non-responsive.
Per the restriction requirement, Applicant is required to set forth which claims are directed towards the elected species (including claims which are generic).

Applicant's statement that "at least claims 1-10 are directed" to species II is insufficient in that it does not state whether claims 11-34 are readable thereon. (see MPEP 809.02(a))

A shortened statutory period of 1 month is set for response.
